

XXVI International Materials
Research Congress 2017,
Cancun, Mexico

Join us for a Workshop on Correlative 3D Raman Imaging

Visit our booth no. 16 and discuss the potential of 3D Raman imaging for your individual applications with the WITec Raman Imaging specialists.

Product Highlights :

3D Raman Imaging with WITec: Speed + Sensitivity + Resolution

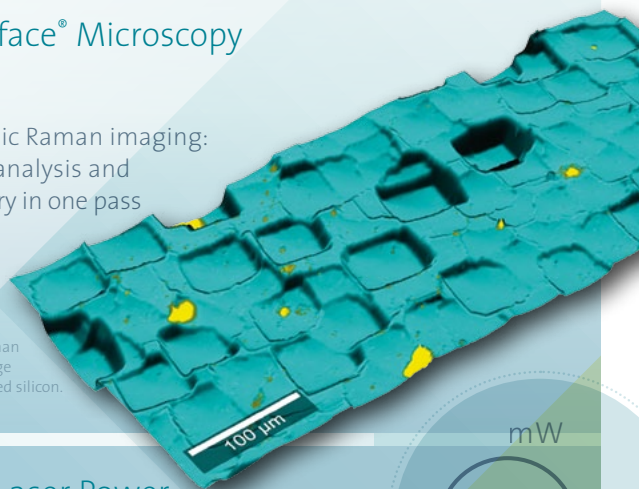

WITec Raman imaging systems are the world's unique confocal Raman microscopes capable of routinely performing 3D chemical Raman imaging while maintaining the highest measurement speed and spectral quality.

TrueSurface® Microscopy

Topographic Raman imaging:
Chemical analysis and
profilometry in one pass

Topographic Raman
microscopy image
of microstructured silicon.

A novel and intuitive operating concept revolutionizes Raman imaging.

Experience our new operating
concept with results-oriented
functionality, a streamlined
workflow and expanded
hardware control.

Raman Laser Power Adjustment with TruePower

Real values in real-time:
Absolute laser power
determination for your
Raman imaging applications.

Our Conference Highlight: FREE WORKSHOP

3D Raman Imaging and Correlative Scanning Microscopy Techniques

Tuesday, 22th August 2017

TIKAL Room

JW Marriott Cancun Resort & Spa

German Beer Drawing

Every registered participant will have the chance to win authentic German beer. The drawing will be at the end of the workshop. Good luck, and cheers.

The workshop attendance is free of charge, but it requires a online registration due to limited availability of places. Please book early to save your Workshop place. For any questions, please contact: events@witec.de.

14.00 – 14.15

Welcome & Introduction

Mr. José Antonio Blanco, Conceptos e Instrumentos S.A. de C.V.

14.15 – 14.45

Confocal 3D Raman Imaging – Technique & Introduction

Dr. Fernando Vargas, WITec Latin American Business Manager

14.45 – 15.15

WITec Applications

Stefan Gomes da Costa, WITec Applications Scientist

15.15 – 15.45

Current trends in Raman imaging, new tools for research and development

Dr. Fernando Vargas, WITec Latin American Business Manager

After the workshop we would like to invite you to a system demonstration at the WITec booth: no. 16

YES – I would like to attend at the WITec IMRS workshop in Cancun

First & Last Name
